Thank You to All Healthcare Coalition Members and Partners

Thank you to all Healthcare Coalition Members and Partners. Because of exceptional preparedness, diligent mitigation, and the response from the public who stayed off the roads, the I-5 closures proved to be a minor issue for healthcare agencies in King County. The Regional Medical Resource Center (RMRC) received very few calls with questions regarding the closure and no requests for assistance from healthcare organizations.

Share Your Lessons Learned at the Healthcare I-5 Closure After Action Debrief

Thursday, August 30, 2007, healthcare organizations will have an opportunity to discuss their lessons learned with other healthcare partners and the Washington State Department of Transportation. Meeting specifics are in the left column of this newsletter. Please plan on attending or sending your lessons learned to be included in our regional after-action report. Please send those lessons learned to Danica Mann at (206) 947-5565 or Danica.mann@overlakehospital.org.
